Car Parking
Parking is Pay On Foot at University Hospital. At peak times the demand for spaces can be high and so we would recommend that if at all possible you consider using public transport. There are several buses which drop off outside the main entrance of the University Hospital. There are disabled car parking facilities and drop off points near the entrances of University Hospital.

Trains
Coventry railway station has regular services between Birmingham New Street and London Euston. There are also local services to Rugby, Nuneaton and Northampton. The station has a taxi rank and there are direct buses to University Hospital, Coventry via the 9 and 9A service. Please check the destination on the front of the bus which will display University Hospital. The service goes via the city centre. Further details are available on the National Express website.

By Car
From Coventry City Centre - follow the A4600 towards the M6 and M69. Turn right at the first roundabout after the dual carriageway (by Homebase) onto Clifford Bridge Road. The Hospital is on the left hand side of Clifford Bridge Road.

To find the closest car park please click on the site map above.

From the North M6, M69
From the M6 and M69 leave at junction 2 and follow the A4600 towards Coventry City Centre. Turn left at the third roundabout (situated approximately one quarter of a mile past St Mary's Church) onto Clifford Bridge Road (A4082). The hospital is situated on the left hand side of Clifford Bridge Road.

From the South, M40
From the M40 leave at Junction 15 and take the A46 (Warwick bypass) then follow the signs towards the M69, continue along the A46 to the second roundabout on the eastern bypass and turn left onto the B4082. Continue along the B4082 and turn right onto Clifford Bridge Road. Follow this road for three quarters of a mile. The hospital is situated on the right hand side and can be accessed by a signposted slip road.
